BRIEF ABSTRACT OF LETTER.

Recommends sanction to certain proposals made by the Spl. Land Acqn Officer C R works, for the settlement of the claims of the manager of the late R.B. Bhaktha Narasappa's charities & to the occupant rights of the Dharmadaya inam lands in the Kesthur village, Yedatore Tk and for acquiring from them half the irrigable portion out of those lands for settling the enfranchised rights

NOTES AND ORDERS.

The proposals are set forth in detail in para 6 of the Spl L. A officer's letter Dy 10-5-15 and summarized in the Myore Asst Dy Commr's letter Dy 13th inst.

NOTES—First Sheet.

Mis(R) File No. 178 of 191 5.

Serial No.

(4) The inam lands being Dharmadaya are unenfranchised Under ordinary circumstances, the settlement of the dispute between the inamdar & his tenants is a matter between themselves The main object in Govt setting themselves to settle their claims as now proposed is to get about 53 acres of irrigable Land for settling the people displaced by the C R. works. The parties are said to have agreed to the proposed settlement But the Mutchalikas &c in which they have signified their assent have not been sent up.

(5) The Dy Commr proceeds to deal with the case under the authority of Go. no R 9430-3-LR 295-13-4 Dy 8-6-14 The extent of the land rendered irrigable by the channel extension is about 156 acres. In the Go. quoted above Govt have merely laid down their policy in regard to the levy of contribution on unenfranchised inam lands made irrigable by Govt works of irrigation —

NOTE.—Contn. sheet.

viz,

(i) to accept a surrender of half the irrigable portion in lieu of contribution on the other half.

(ii) but in the case of devadaya & dharmadaya inams, if the persons interested are willing to retain the whole & pay contribution at the rate fixed, to afford facilities for the purpose.

But before the terms are finally sanctioned Govt have called for a list of such cases from the Irrn Superintendent. Such a list has not yet been submitted but in the meantime the present case has been subd for orders independently

4) In regard to the details of the proposals

(i) it is not clearly stated though it is intended, that the ryots are to be formally declared Kadim tenants. This has to be specifically declared in clause (6) of paragraph 6 of the 3rd C. A. of the letter Dy 10.5-15 by inserting

NOTE—Contn. sheet.

Suitable additions

(ii) it has to be considered whether penal clause in sub-paragraph 6 as between the ryots and the inamdar in regard to the payment of the upset price by the former for occupancy rights conceded to them is legally enforceable in the absence of a regular deed between them. It is a question whether Govt can enforce the obligation as ~~this respect~~ as no consideration arises on their behalf in this particular respect

(iii) some compensation is perhaps due to the ryots for the extent (about 20 acres) taken up for the channel Compensation to the inamdar for loss of revenue on this extent has been taken into consideration in giving him 25 acres of wet land ~~without~~ free of water rate But nothing is stated in regard to compensation for the ryots for giving up the said extent.

5) The Inam Superintendent and the Secy to Govt P W D

and chattels and the properties are only in the temporary management of Mr. N. Krishnaswamy Rao and he has apparently no power to permanently alienate any extent or even to grant permanent tenancy rights.

(12) As however the whole proposal are considered in the best interests of the institution, they may be approved but Sanction will have to be accorded by Govt. in the Mysore Dept. Before doing so the Govt. will have to satisfy themselves that the amounts to be paid by the tenants will be properly invested for the permanent benefit of the institution.

(13) It is no doubt a satisfactory arrangement to end once for all the undesired relationship between the founder and the tenants. The matter is apparently to be decided by mutual agreement and if so the parties should be protected by regular and valid documents. The institution stands to get Rs 18,000 yearly from the tenants.

(14) Mr. Iyer discuss the Govt

the rayats holding these lands. There is not a word about granting them in permanent tenancy. It is also extremely doubtful whether the Manager had power to grant such terms. There being a written agreement at the inception, the tenants cannot fall back on mere enjoyment to make out a Kadim tenancy.

As they have no occupancy rights, the Consideration proposed is not inadequate. The manner of settlement is I think on the whole satisfactory & may be accepted.

(5) The sum payable for the occupancy right being given away should—

SUBJECT.

Recommends sanction to the proposal of the Special Land Acquisiti Officer C.R. Works re the contribution and water rate leviable on certain inam lands in the Kestur village Yedatore Taluk granted for the support of a chattram and a temple built by late Rai Bahadur Bakshi Narasappa of Mysore.

V Sangha Press 272—1 000

LD 2425 13-8-18

r. No. 1283 dated 13th May 1915 from the Deputy Commissioner, Mysore District to the Revenue Commissioner in Mysore, Bangalore.

With reference to paragraph 3 of Government Order No.R.9430-3 L.R.295-13-4 dated 8th June 1914, I have the honor to forward herewith in original for obtaining the orders of Government the correspondence ending with letter No.2546 dated 10/13th May 1915 from the Senior Assistant Commissioner and Special Land Acquisition Officer about the settlement of the lands granted as Dharmadaya Inam for the maintenance of the late Rai Bahadur Bakshi Narasappa's charities.

The charities have been endowed with dry lands measuring 462 acres and 3 guntas and assessed at Rs305-11-0. The Manager of the charities more than 30 years ago made over the rights of occupancy to the ryots. About 15- acres and 32 guntas are now commanded by the Right Bank channel of the Chamaraj Anicut and this has led to both parties claiming the right of occupancy.

The settlement now proposed is:-

(1) that the ryots are to have the occupancy right of the dry lands on paying a premium of Rs40 per acre for the benefit of the charities

(2) that half the irrigable area is to be made over absolutely to Government.

(3) that the occupancy right of the other half is to belong to the ryots on their paying a premium of Rs80 per acre for the benefit of the charities.

(4) that in view of the charities losing the proprietary right on half the irrigable area and of the land required for the channel which become the absolute property of Government and also of the dry assessment thereon, the Institution should get from Government 25 acres of irrigable land (out of half the area that Government gets) and pay at Rs160 per acre therefor and enjoy it as Inam without paying water-rate.

The payments are proposed to be spread over a period of 4 years.

Of the several proposals made, it is only the 4th that require some explanation, the others being clear. In the case of an ordinary

Inam the Inamdar will get Rs 2 per acre of land absolutely surrendered to Government - one rupee for loss of dry assessment and one rupee for resigning the proprietary right. So in the present case the Institution should get about Rs150 for about 75 acres (about 20 acres for channel and the rest being what remains after giving 25 acres to the Institution). This is about equal to the water-rate on 25 acres and thus the proposal to remit water-rate is fair.

One of the object of the charities is to feed poor people. The other Inam lands yield only a revenue in cash amounting to about Rs300 as the Inamdar gets only the dry assessment and the water-rate goes to Government. Wet lands yielding paddy would be very useful for feeding institutions. Hence the proposal to give 25 acres of wet land to the institute and charge Rs160 per acre as value.

I am of opinion that the proposals detailed above are fair and request you will send them with your support to Government for sanction.

'C o p y'

For Revenue Commissioner.
